

MountManagerUnmount

```
graph LR; A[MountManagerUnmount] --> B[GSTGetDosNameFromNumber]; A --> C[GSTDeviceIoControl];
```

A diagram showing a central node on the left, 'MountManagerUnmount', which is shaded gray. Two blue arrows originate from the right side of this node. The top arrow points to a white rectangular box labeled 'GSTGetDosNameFromNumber'. The bottom arrow points to another white rectangular box labeled 'GSTDeviceIoControl'.

GSTGetDosNameFromNumber

GSTDeviceIoControl
