

RegMessage

```
graph LR; RegMessage[RegMessage] --> StatusMessageParam[StatusMessageParam];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is shaded gray and contains the text 'RegMessage'. The box on the right is white with a black border and contains the text 'StatusMessageParam'. A blue arrow points from the right side of the 'RegMessage' box to the left side of the 'StatusMessageParam' box.

StatusMessageParam
